The Martine Inn is an historic (1890) cliff top mansion, a living museum, boasting four buildings and twenty five guest rooms, with lots of common area, illustrating the lifestyle of the late 1800's. Furnished with authentic antiques, the Martine Inn is situated at the edge of the Monterey Bay Marine Sanctuary with incredible views of the waves crashing against the rocks --with otters, seals, pelicans and dolphins seen every day. Located in Pacific Grove, California, a coastal Victorian city which has recently been chosen as "The Most Romantic Town on the West Coast", the Martine Inn is set conveniently between Monterey, Pebble Beach and Carmel.
